

IT/CS Department
School of Computing and Information Sciences
Saint Louis University

IT324L Web Systems and Technologies
2nd Semester AY 2017 – 2018

To whom it may concern,

We are third-year students of the School of Computing and Information Sciences from Saint Louis University, and we humbly ask for your permission to use your barangay, San Vicente, as the main focus for our project, '*Advocacies for a Barangay*,' in our Web Systems and Technologies class. We would like to gather information through interviews with the barangay officials, documentation, and other resources that may help us in completing our project.

Thank you for your consideration, and we hope to coordinate with you as much as we can.

Sincerely,

Arellano, Henry

Pocaan, Dominic

Dacapias, Princess Lyka

Titiwa, Karen Ivy

Edades, Olizar Bryn

Willie, Renz
